

HOW TO INSTALL WINDSHIELD WIPERS ON A J-HOOK

Instructed By: Dennis Smith

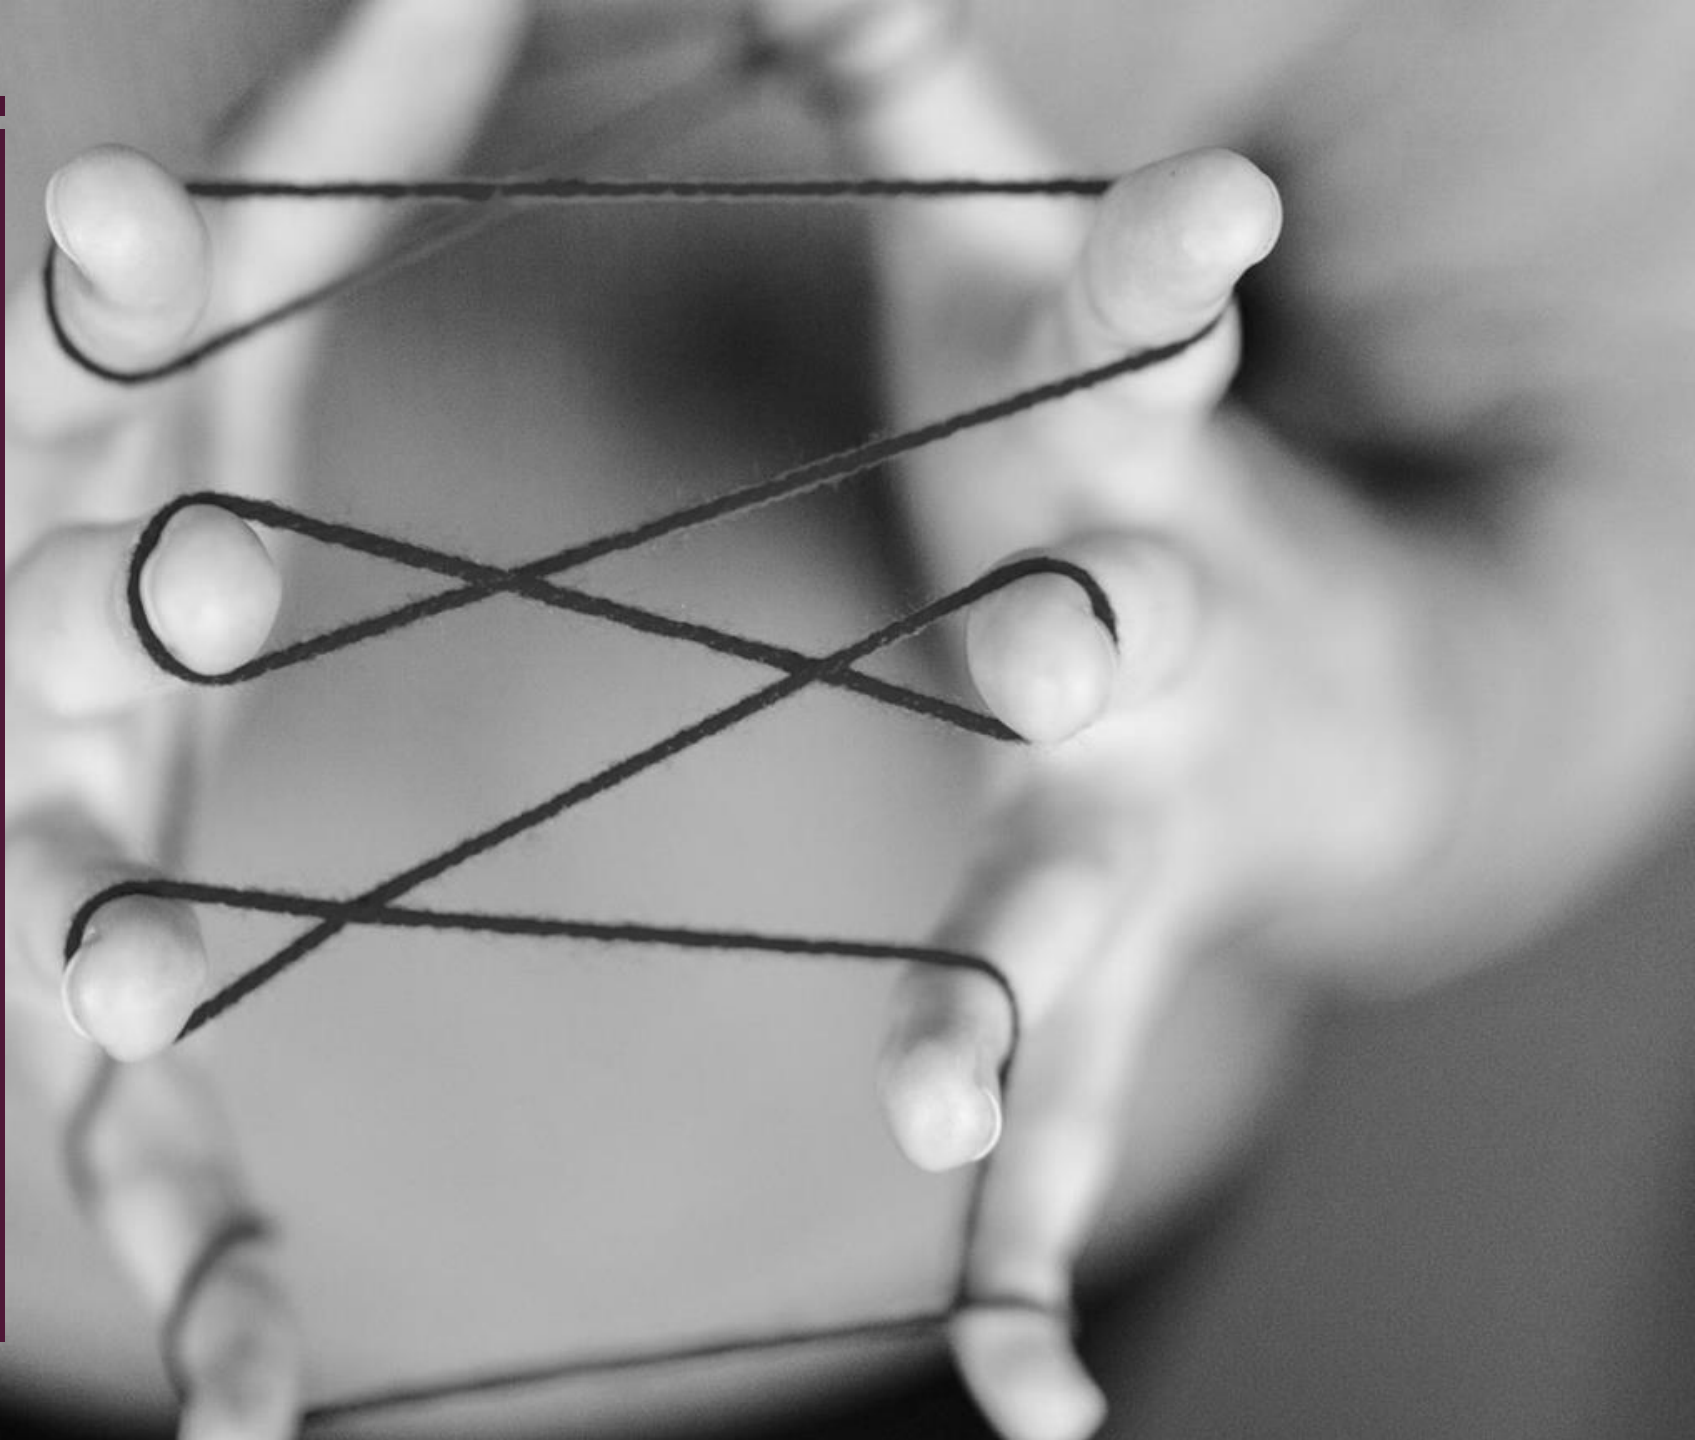

KNOW THE YEAR, MAKE, AND MODEL OF VEHICLE
Check your owners' manual for the right blade size.

REMOVE THE PRE – INSTALLED PIN
FROM CENTER OF WIPER
FRAME.

SLIDE THE
FRAME ONTO
THE ARM
THROUGH
THE HOLE THAT
MATCHES.

- 
- INSTALL THE ALTERNATE CONNECTOR THAT IS IN THE PACKAGE BY SNAPPING THE MIDDLE ARCH.

LIFT THE WIPER OFF YOUR WINDSHIELD

PRESS DOWN ON THE WIPER TAB (IF THERE IS ONE).

**Pull the blade straight
down toward the
windshield to remove
old blade**

Slide your new wiper blade onto the hook
until it clicks in place
