

These Words/Bottle Opener were produced by David Ambrose of Studio Darose. These are an example of the words I have created for my own production run, and are sized accurately. The files are free to use for personal use. If you desire to use them for commercial purposes, please contact StudioDarose@gmail.com

I am no longer producing these, but have a limited amount available for purchase @ www.StudioDarose.com for a clearance price, with free US shipping.

1" x 1" Square
for reference
