

Clothespin cup house décor

Whether it's to hold pencils, put candles on an elegant table, or just put a plant in, the clothespin cup has it all, now let start building.

Things you'll need

- : Sandpaper grit 80
- : cup/lid {you can get from house cleaning sprays, it is the lid only}
- : rubber bands
- : clothespin
- : tekbond super glue

1st step

Get your clothespin and remove the spring.

2nd step

Now glue them with super glue to the lid.

3rd step

Sand the bottom of the cups so that it stays leveled with the ground.

You can put rubber band on the grooves if you like. It is done, simple like that.

Use it to hold pencils, candles or a plant.

If you liked this project maybe, you'll like some of my others don't forget to follow so you never miss out on any project.
