

There is only one way to  
console a widow.  
But remember the risk.

Avoid making irrevocable  
decisions while tired or hungry.  
N.B.: Circumstances  
can force your hand.  
So think ahead!

An elephant:  
A mouse built to  
government specifications.

A zygote  
is a gamete's way  
of producing more gamete's.  
This may be  
the purpose of the universe.

The truth of a proposition has  
nothing to do with it's credibility.  
And vice versa.

And another--  
In a family argument,  
if it turns out you are right--  
apologize at once!
