

# D-I-Y Canvas Art

## Supplies

Canvas: Size 20 x 30

Painters tape (good quality)

Scissors

Paint – My suggestion list

1. Liquitex Professional – Black colored gesso – background
2. DecoArt Metallic – Champagne gold
3. FolkArt – Pure gold 1654
4. Craftsmart premium satin – Deep peach
5. Craftsmart premium satin -Cream
6. Craftsmart premium satin - Grey

Brushes: Craftsmart 7pcs and ArtMinds roller brush)

## Step-By-Step “How to” guide

Step 1 – Choose a canvas appropriate for the space you want to decorate

Step 2 – Purchase supplies

Step 3 – Search for an image to replicate or use the one I’ve marked “Inspiration”

Step 4 – Paint entire canvas with the paint roller using the black gesso (Do Not use a brush) allow 2 days for the canvas to fully dry. Trust me on this 😊

Step 5 – Lay out your lines using painters tape in the desired fashion. If you need to readjust your lines you may do so; because you listened and let the paint cure for two days the tape will not pull up the paint once fully dried.

Step 6 – Make sure you use ample colors sporadically so that no two colors are directly near each other. Think long and hard about this. My advice is to use a piece of black construction paper as a sample to see if your color scheme works beforehand.

Step 7 – Use your discretion if you need a second coat. Once complete, allow to dry overnight.

Step 8 – Pull up painter’s tape carefully.

Tada!

Happy Painting,

*Miss Enchanting*
