

**juno.**  
little steps, big heights.

## pieces

A. top step

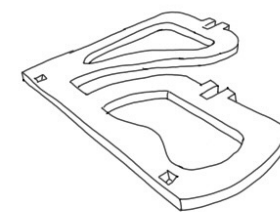

B. bottom step

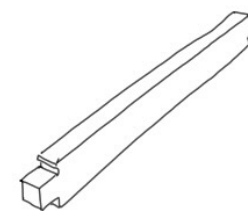

C. back support

D. front support

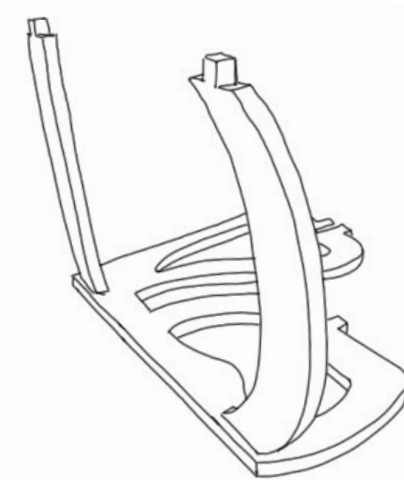

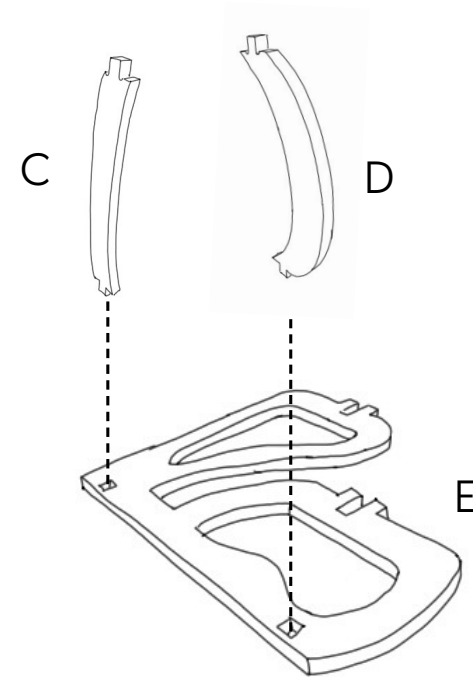

E. side (x2)

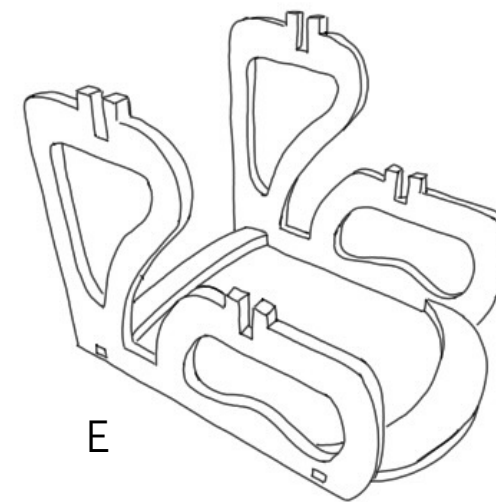

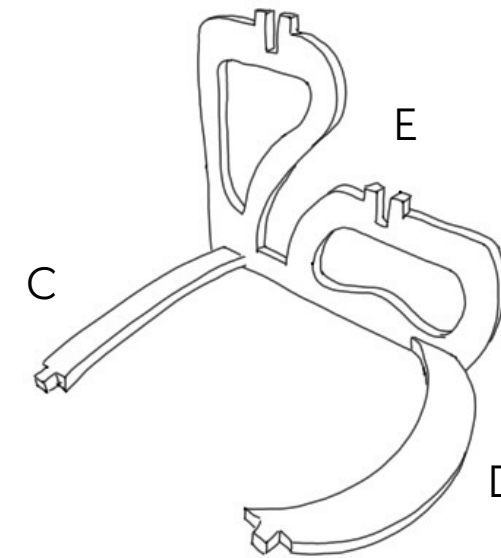

F. step support (x2)

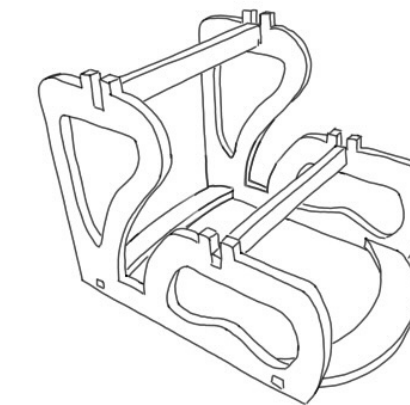

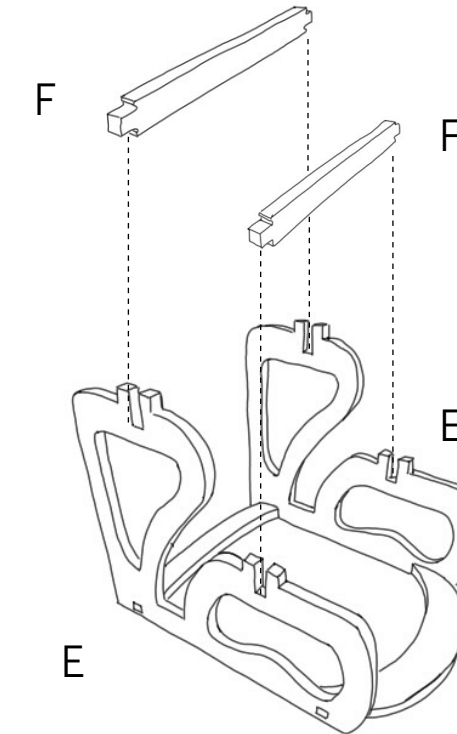

**1** Insert pieces C and D into the indicated slots on piece E.

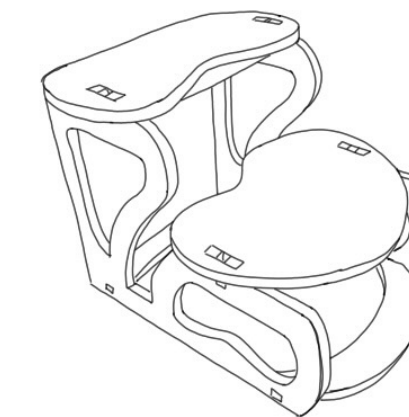

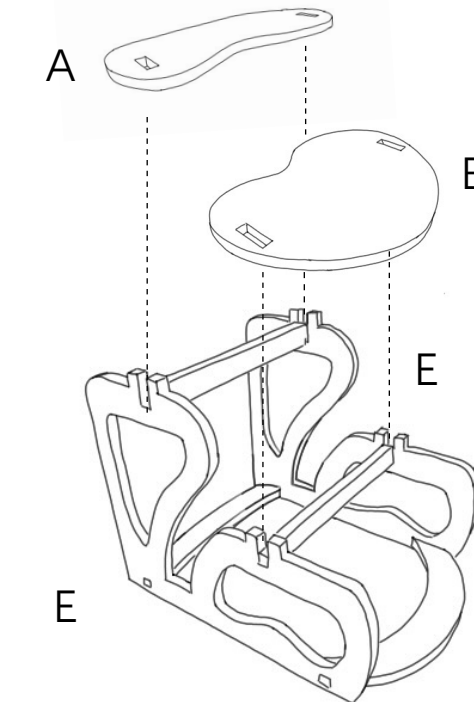

**2** Rotate so C and D are flat on the ground. Slot C and D into their mirrored slots on the second E.

**3** Push each F into the slots of each E so the edge without veneer is pointed toward the sky.

**4** Slide the holes of A (top step) and B (bottom step) into the jut-outs of each E.

**juno.**  
little steps, big heights.
