

POCKET PINS

Bored of the same old bowling alley? Or perhaps you're looking for a new challenge? Pocket Pins is the perfect family-friendly game to mix things up!

Instructions:

1. Set up the mini bowling pins on the spots indicated on the playing surface.
2. Decide who will go first. This can be done by flipping a coin, playing rock-paper-scissors, or any other method you prefer.
3. The first player takes their turn by rolling the ball towards the pins. There are 4 different types of balls to choose from, each having their unique functions. Players may use 2 balls per turn to try to knock down as many pins as possible.
4. If any pins are knocked down, the player scores one point for each pin knocked over.
5. After the first player's turn, it is the next player's turn to bowl.
6. Players continue taking turns until all players have had an equal number of turns (e.g. each player has bowled 10 times).
7. The player with the most points at the end of the game wins.

Tips:

- Take your time and aim carefully when rolling the ball to increase your chances of knocking down pins.
- Select your choice of ball carefully each turn. They all have different functions.

And that's it! Have fun playing "Pocket Pins" with your friends and family.
