## 64x32 RGB LED Matrix Scoreboard by Matt M

Count Down / Count Up Mode Selection: Before Switching On Scoreboard, switch <u>Count up/down SW</u> to desired Mode. Mode cant be changed once Scoreboard is On. To change again, turn Off scoreboard and switch modes.

## Start / Pause Counter:

Press Pause Timer button. On Pause, scores and time will save. If unit is turned Off at this time, these will be retrieved when next turned On. If countdown completes then no progressive time will be saved.

## Increase/Decrease Score:

Press Away Team or Home Team button and hold, then press Increase or Decrease button to adjust team score.

Short Reset Timer (quick press less than 1.5 seconds): Press Reset Timer button. Timer must be Paused before reset will occur. Scores will not delete if Short Reset. If scores require reset, perform Long Reset Timer.

Long Reset Timer (press & hold > 1.5 sec & < 5 sec): Press Reset Timer button. Timer must be Paused before Reset will occur. Scores will delete if Long Reset.

Increase/Decrease Time Period and Save: Pause timer. Then press <u>Reset button and hold for > 5 seconds</u>. On release buzzer will beep twice. From here use Increase/Decrease button to adjust to desired time. Press Reset button once more (buzzer will beep again) to Set and Save time.

Change Team Names (max. 5 letters): Switch Change Team Names switch to ON. Then press Home Team or Away Team. You are now ready to use Increase or Decrease to scroll through the alphabet/numbers/characters with the selected teams first letter.

To save and move to next letter, press Pause Timer button (next letter will briefly flash). Use Increase or Decrease to find letter. Press Pause again. Do same for all letters.

will beep).

Do same above for either team. When finished, switch Change Team Names switch to OFF.

Count up/down Mode SW

When name change complete, press <u>Reset Timer</u> button (buzzer)
