GAUGE

Exact gauge is **essential** for proper size. Before beginning your Afghan, make the sample swatch given in the instructions in the yarn and hook specified. After completing the swatch, measure it, counting your stitches and rows carefully. If your swatch is larger or smaller than specified, **make another, changing hook size to get the correct gauge.** Keep trying until you find the size hook that will give you the specified gauge. Measure gauge frequently while crocheting the Basic Afghan to ensure proper size.

CROSS STITCH

Each square on the chart represents one cross stitch. Each cross stitch is worked over one single crochet. Using yarn needle and one strand of yarn, weave end under several stitches on back of Afghan to secure (do not tie knot). With **right** side facing, work cross stitches as follows: Bring needle up at 1 and go down at 2 (half cross stitch made); bring needle up at 3 and go down at 4 (**Fig. 1**). For horizontal rows, work stitches in two journeys. All cross stitches should cross in the same direction.
