

# DESIGN YOUR OWN

- CARDSTOCK BACKGROUND MARKINGS

**ew** = edge width

**pw** = pocket width

## FORMULA

- ① Decide how wide you would like each pocket  
Add edge width.
- $$2(\text{ew}) + 3(\text{pw}) = W \text{ of cardstock}$$
- or  $\uparrow$   
# of pockets

- ② Decide how tall you would like each pocket.  
Add edges and spaces between rows  
(top + bottom)

$$\text{th} + \text{ph1} + \text{sh} + \text{ph2} + \text{sh} + \text{ph3} + \text{bh} = H$$
