

Fingerbug Pattern

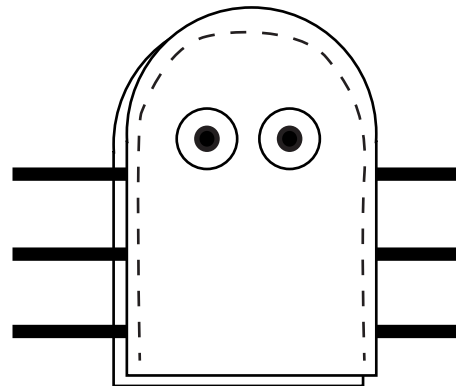

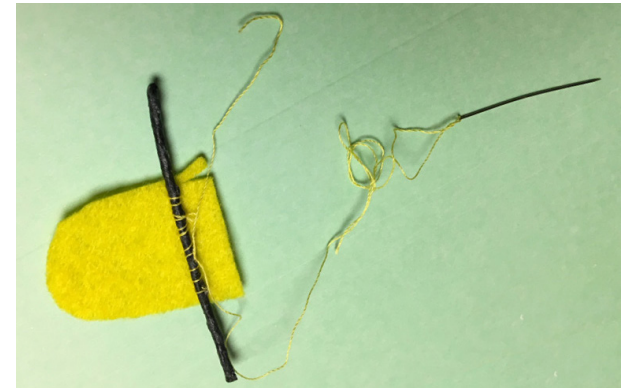

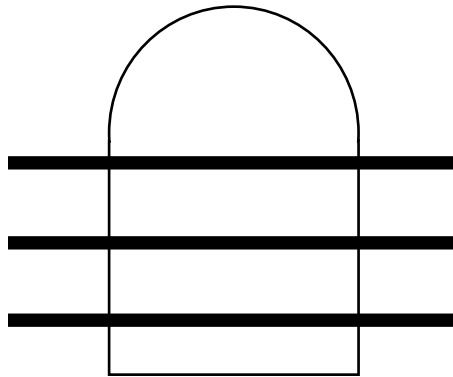

MATERIALS:

8 mm wiggly eyes (2 per bug)
felt

Wikki Stix, Bendaroos, or chenille stems*

1. Cut two pieces of felt, using the pattern.
2. Sew the wiggly eyes in place on the first felt shape.

3. Cut legs the right size.*
4. Sew the legs onto the SECOND felt shape.
5. Place the felt shapes together, with the wiggly eyes on the outside and the legs on the inside.
6. Sew around all edges EXCEPT the bottom.

* Waxed fiber sticks such as Wikki Stix or Bendaroos are the safest choice, but chenille stems can be used. If using chenille stems, blunt the ends by bending in and/or placing a drop of glue on the end.
