ATCs can be made with ANY type of art media.

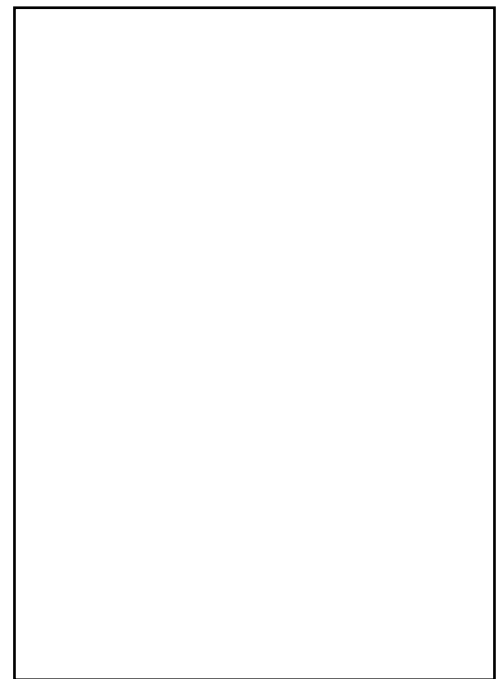

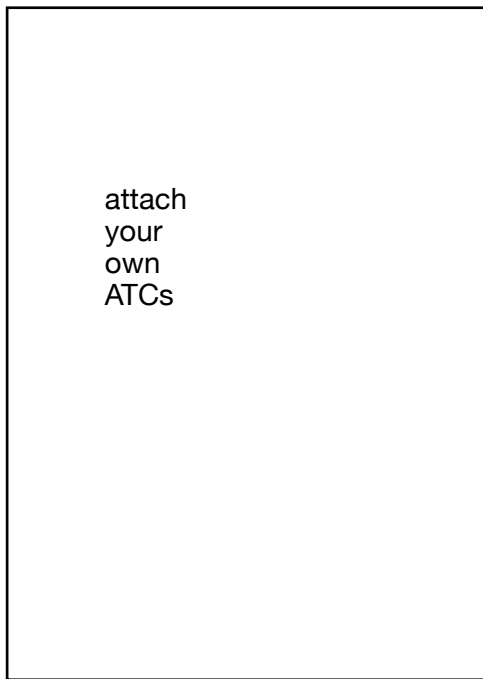

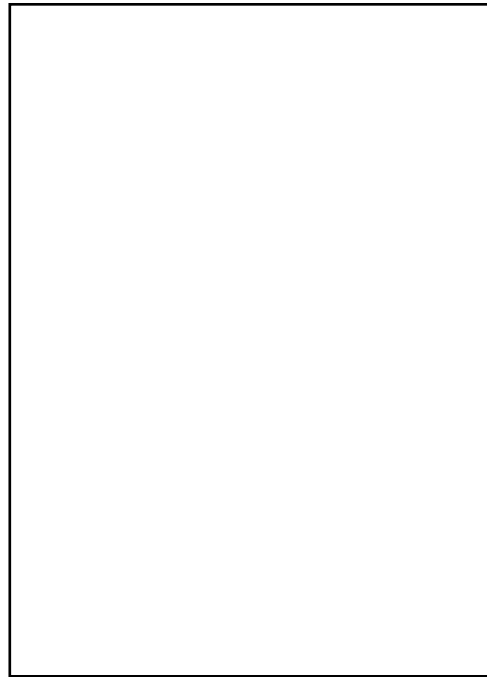

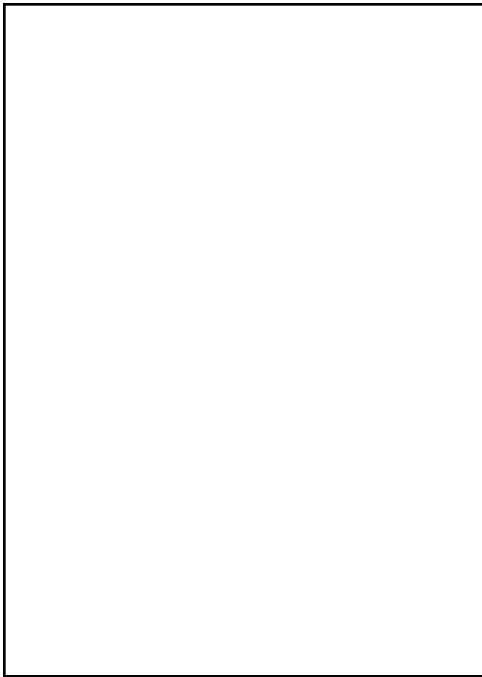

Draw with colored pencils. Paint with watercolors!

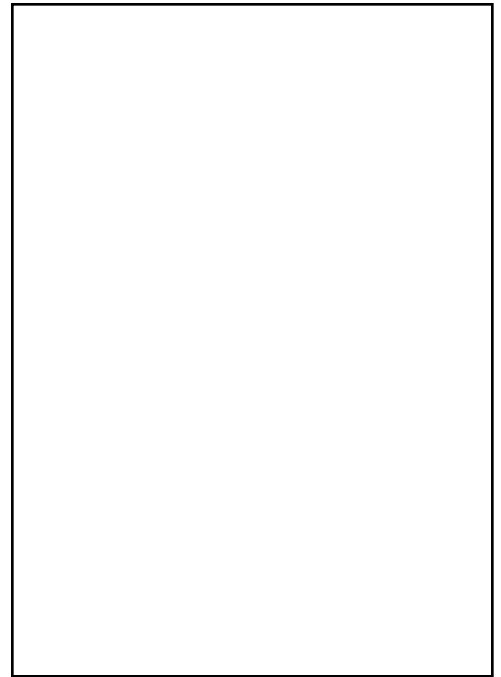

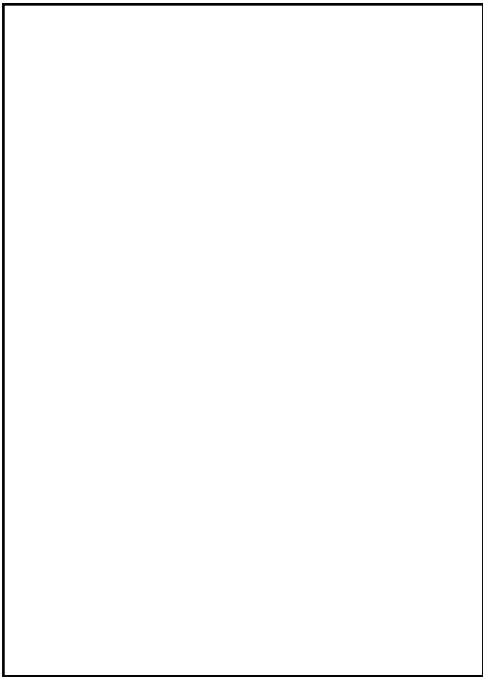

ATCs can be made with ANY subject.

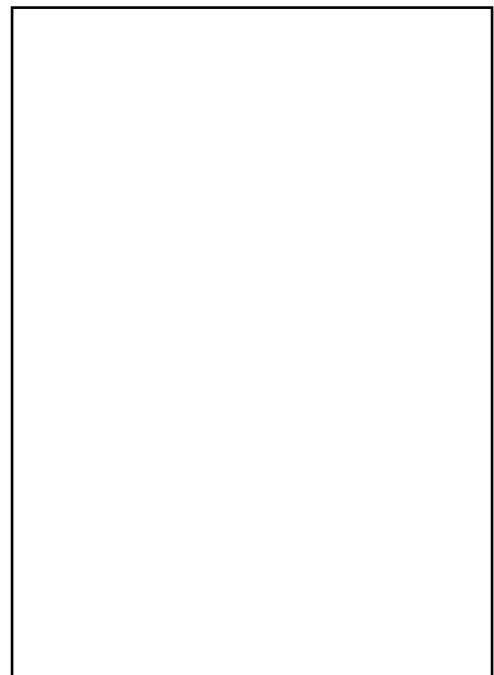

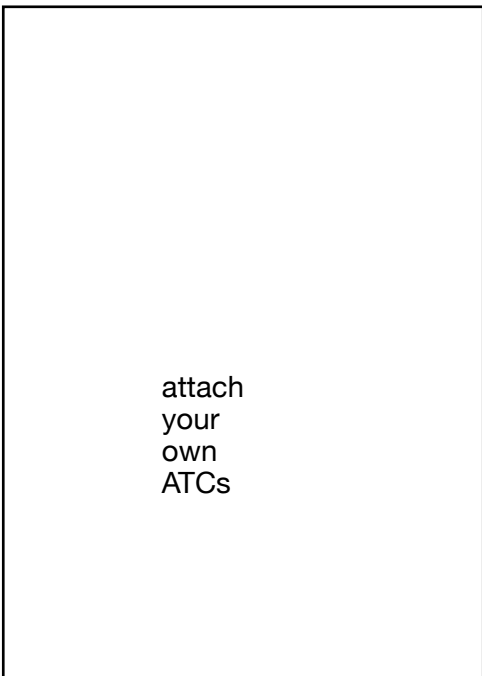

Cats are VERY popular!

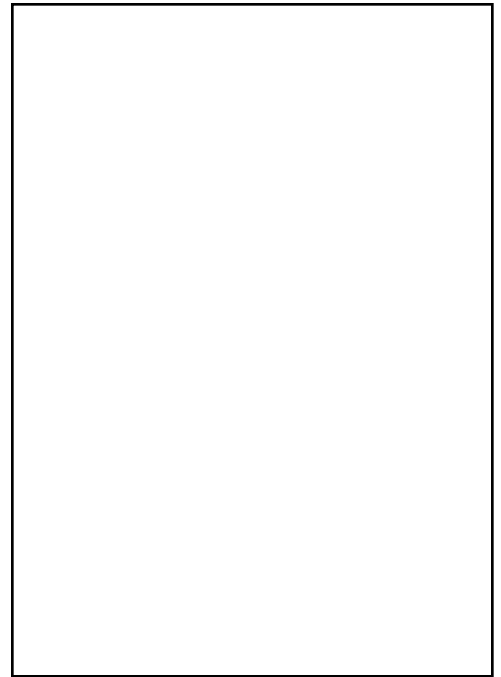

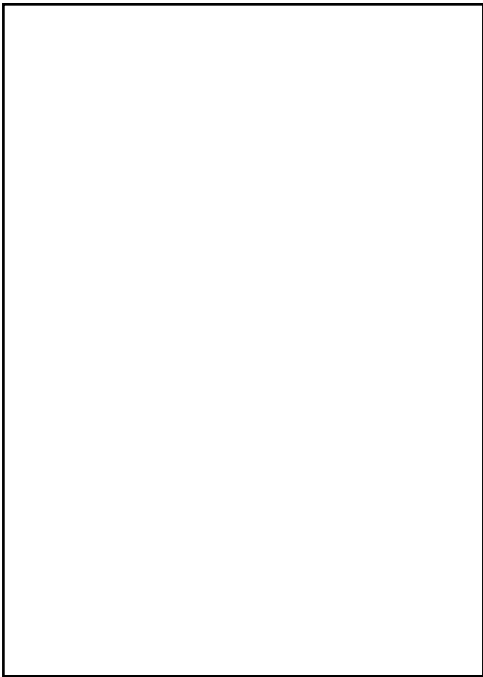

Faces are another popular subject for ATCs.
They can be realistic or abstract.

If you trade online, you may collect cards from many different states.... or many different countries!

You might even make an "AKC."

That's an Artist Keep-it-for-myself Card!
