Materials Required

Scissors

Cello tape

Paper glue

STEP 1 - Cut along the solid lines with a scissors

Cut the template out, following the solid lines with the scissors. Be careful

STEP 2 - Fold along the dotted lines

Using a straight edge of a ruler or by scoring along the dotted line can make the paper easier to fold

STEP 3 - Glue the tabs to the edges with the same number

The tabs are grey. Using cello tape to hold the tabs in place while the glue sets works well. When glueing two parts together, pinch that area for about 10 seconds.
