

Activity 4: Final Reflection

In complete sentences, answer the following reflection questions about your work.

- Describe what you learned about transformations of functions from this activity.

- What do you like most about your work of art? What are you most proud of? Why?

- What would you change about your work of art? Why?

- What, if anything, would you change about this activity for future classes?

- Describe one student wall hanging that you liked. What drew you to the work? Why did you like it?
